

# Invitation to "Skåne Runt 2024 – Oskarshamn"

May 25-26, 2024

## Introduction

Dear rotary wing and aviation friends wherever you are in Europe!

Last year's Fly-in organized by our colleagues in Denmark was a resounding success with record number of gyros participating from the most diverse range of countries yet! No small shoes for us to fill as we take over the responsibility and kick-off this year's largest gyrocopter event in northern Europe.

As you can see in the heading, we've last 2 weeks made an 'executive decision' to switch venue. Reason? Unfavorable hotel situation. New venue is Oskarshamn (ESMO), right by the East Coast in southern Sweden.

In the following pages you'll find all info necessary in order to plan for your participation. For further questions, please do not hesitate to contact Henric Endoff.

We look forward to seeing you there.
